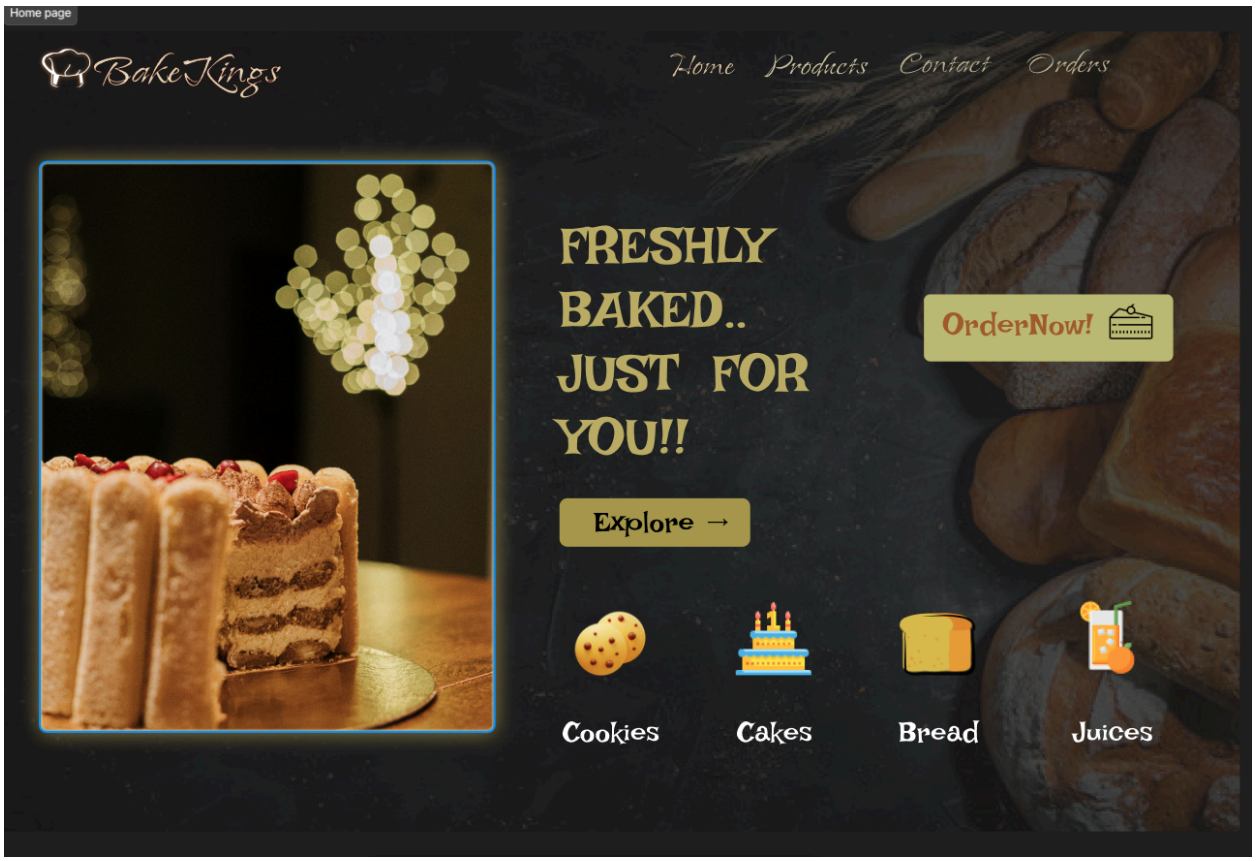
Experiment 1:
User Interface And Design Comparsion Of UI design Between Two Figma Creation.

GOOD AND BAD DESIGN

Good design:

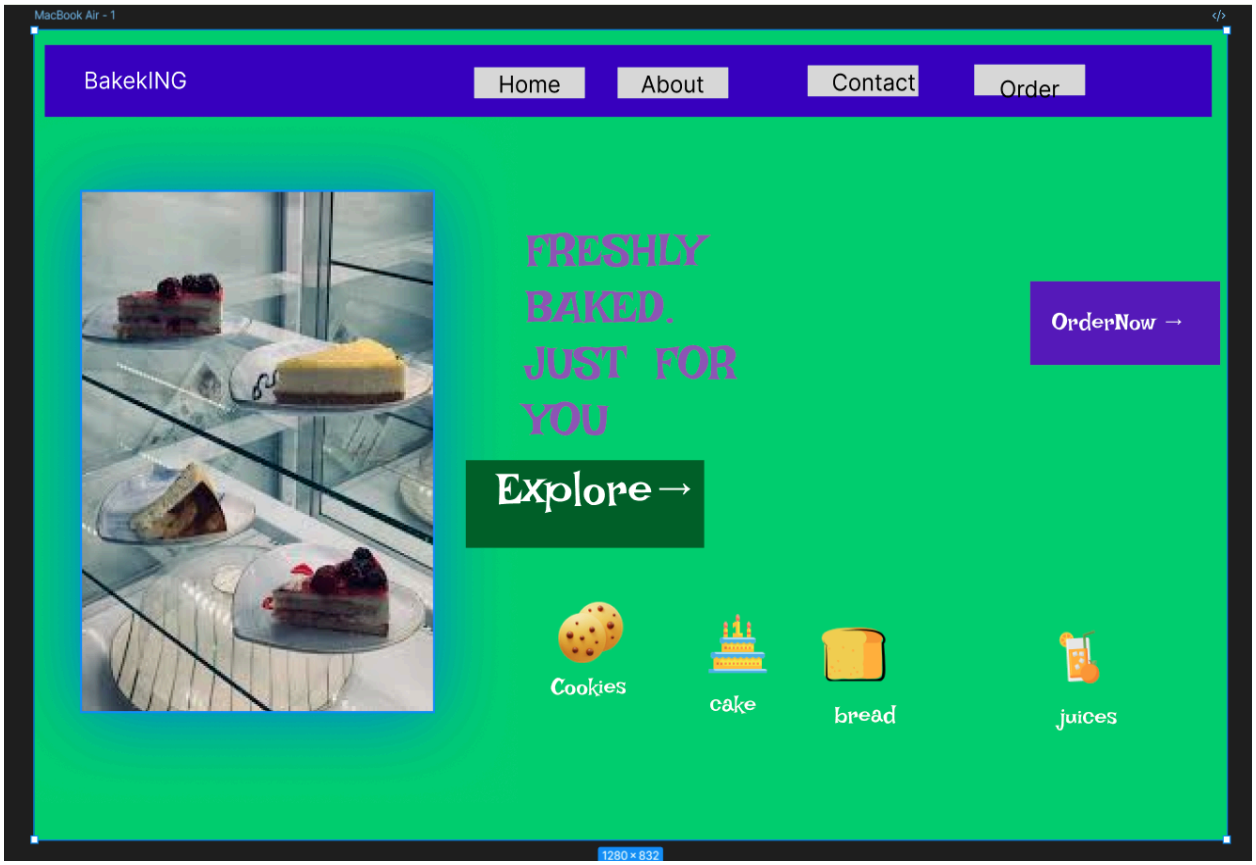


Good Design :

- Uses appropriate colors that match the bakery theme.
- Clear visual hierarchy – heading and buttons stand out.

- Consistent fonts, icons, and layout.
- Proper spacing and alignment, looks clean.
- Feels professional and user-friendly.

BAD DESIGN:



Bad Design:

- Poor color combination that hurts readability.
- No clear focus on important content.
- Inconsistent fonts and icon styles.

- Too much empty space, layout feels unbalanced.
- Looks unprofessional and confusing.
